## VIA Connect PRO

Wireless Presentation and Collaboration Solution

VIA Connect PRO is a wireless collaboration and presentation solution that makes sharing and presenting in meetings easier. With any laptop or mobile device, users can view, edit and comment on documents in real time, share files and chat with individuals or multiple participants simultaneously. The solution can show up to four screens on the main display.

VIA Connect PRO is ideal for huddle rooms, offering the best price−performance in the market.

### FEATURES

- **Wireless Connection** - Connect wirelessly with your own device. No dongle needed.
- **Multimedia** - Share uninterrupted full HD wireless video streaming (up to 1080p60), MP3 files and photos.
- **Start Collaboration** - Click to collaborate through a common display. Multiple users can edit and control what's happening on the main display at the same time.
- **File Sharing** - Share files with one or several participants.
- **iOS mirroring** - Mirror Apple MacBooks and iOS devices without the need to download any additional software.
- **DHCP** - For easy plug−and−play setup
- **DND** - Do Not Disturb Mode. Very Simple, On−the−Fly moderator support − enable DND and no one can interrupt your presentation until you disable it.
- **Whiteboard** - Annotate, illustrate and edit shared documents with any regular or touch−panel device.
- **Cloud** - Drag and drop files to the Cloud to share instantly with other users.
- **Enable Control** - Give a participant control over a presenter's MAC® or PC laptop.
- **Multilingual Support** - Experience VIA in your language.
- **3-Year Warranty.**
